SCOUTS -- CUBS

—“V”—

The group meeting in connection with the Cubs and Scouts was held Monday evening at the home of Rev. Peter Dawson, M.L.A., with President John Lang presiding.

The resignation of R. Inman, Scoutmaster, was received with regret, and Rev. Dawson and J. Lang were appointed to interview a prospective Scoutmaster.

Miss May Fisher was officially appointed Cubmaster, with her assistant, H. C. Jopling.

A trip to Lethbridge for the Cubs was arranged for Wednesday, Oct. 29. They will be the guests of W. Guerney, who will show them his collection of birds, animals and other novelties. The Cubs will also hold an apple day in the near future.

De-Forest — Canada's most popular radio. This new 6-tube battery radio offers "Super Short-Wave Station Expansion" that is full standard broadcast coverage and full short-wave coverage on two separate dial scales, and four additional dial scales, one for each of the important foreign short-wave bands. This means, that, instead of being crowded closely together, the foreign short-wave stations are spaced as far apart on the dial as local broadcast stations and are as easily tuned in.

Mr. and Mrs. Gordon Berger and family left on the train Monday night; Gordon for Toronto where he enters the mechanical division of the Air Force, and Mrs. Berger will be staying with her mother in Nanton.

Just arrived! A real nice assortment of enamel Roasters in blue, ivory and red; white and black and ivory and blue. All sizes.

The meanest man in the world is the ventriloquist who throws his voice under the old maid's bed.

Coffee Makers! Make you a real cup of coffee. We handle the Cory. There is none better.

Mr. Joe Cooper and Mr. Simpson of Boundary Creek were visitors this week. Joe was renewing old acquaintances.

We have two only, second-hand cook stoves very reasonably priced.

While attending the Ladies' Golf Club dance in Stavely Friday evening, we observed "Walter Winchell Kew", editor of the Stavely Advertiser, checking news items for his paper. We are not complaining — just a word in regards to what the neighbors are doing!

Editor Kew's Reply

Sorry, Jock, I couldn't even see you. However, after that great night, I'm convinced more than ever "that the world keeps turning round and round!"

RED CROSS NOTES

The Champion Red Cross branch wish to thank Mrs. J. D. McDougall for the lovely quilt recently donated.

The quota for the next three months is to duplicate what has been done during the last three months—that is, outfits for eight-year-old boys and quilts. Gloves, two-way mitts and seafarers' long stockings are urgently needed. Wool is on hand for these and wool for steel helmet caps is on order.

A carton of finished articles was shipped on the 17th., instant, containing:

11 steel helmet caps
21 pair gloves, mitts and two-way mitts.
2 pair socks.
2 pair seafarers' stockings
1 scarf.

Groups are working at the rooms as follows:

Monday night.—Altar Society.
Thursday afternoon.—Ladies' Aid.
Friday afternoon.—Royal Purple Lodge.

Saturday night.—Eastern Star.

Anyone wishing to join any of these groups or to form other groups and sew any afternoon or evening, not already booked, please get in touch with Mrs. Freeze.

I.O.D.E. MEETS

—“V”—

The regular meeting of the Loyal Chapter, I.O.D.E., was held Thursday evening at the home of Mrs. Peter Dawson, with nine members present. Mrs. Freeze, the regent, reported shipping 50 books, three crib quilts, one quilt and several other pieces donated by members of the order, to headquarters for distribution among soldiers and those in bombed areas. Mrs. Marks reported that cigarettes had been sent to the boys overseas. Mrs. Henderson stated that two-pound Christmas cakes had been sent to the boys overseas, the remainder of their boxes to follow next week. Mrs. Jopling, assisted by Mrs. J. Marks, was placed in charge of Christmas boxes for the boys from Champion in Canada. An urgent request was received for fur for the making of mine sweepers' jackets, and a box will be placed in the Chronicle to receive same. All pieces, large or small, will be appreciated.

A letter from Mrs. Walker expressing appreciation of her gift was read.

A card of thanks was sent to J. Marks, H. Gill and H. Smith for their work in connection with the Thanksgiving hamper. Mrs. Peter Dawson was elected standard-bearer for 1941, protom, due to the absence of Mrs. H. Smith. Mrs. Stanley Orris was received into the order. Several of the members expect to attend the meeting of the Provincial I.O.D.E. to be held in Lethbridge on Wednesday, Oct. 22.

It was decided to assist the members of the W. I. in filling their ditty bags. Donations from all members will be appreciated.

Mrs. G. Dow was appointed to fill the vacancy on the group committee, due to the departure of Mrs. Walker. Mrs. Ed. Latiff was voted a card of thanks for her kind donation of the candy for overseas boxes. Mrs. Freeze served refreshments.

WEDDINGS

CHRISTENSEN—CRAIG

A lovely wedding was solemnized Saturday, October 18, at 7:30 o'clock when Kay Craig, daughter of Mr. and Mrs. Craig of Vulcan, was united in marriage with Mr. Les Christensen, eldest son of Mr. and Mrs. Wm. Christensen of Champion. It was a double-ring ceremony.

The lovely bride chose a beautiful navy and rose crepe afternoon gown with matching accessories set off by navy gabardine slippers and a red rose in her hair. Her corsage was tallman roses.

The bride chose as her bridesmaid Miss Levone Atkinson, who wore a navy blue sheer dress with a corsage of red roses.

The bride's mother was charming in a rust crepe dress set off with a corsage of tea roses.

The groom's mother, Mrs. Wm. Christensen, was lovely in a tile blue gown. Her corsage was of pale yellow roses.

Mr. George Hutchings of Barons supported the groom.

The wedding march was played by the groom's sister, Miss Joyce Christensen, and Ronald Craig sang "I Love You Truly" during the signing of the register.

At the reception which followed the ceremony, the bride's aunt, Mrs. Craig of Calgary, poured tea. Mr. Craig, the bride's uncle, gave the toast, which was suitably responded to by the groom.

For a going away costume the bride wore an ensemble in blue with a corsage of red roses.

A wedding dance in honor of the popular young couple was held in the community hall at Champion and was attended by their numerous friends, after which the bride and groom left for Calgary.

They will reside at 1019-19th Ave. W., Calgary.

Thousands of blankets, new or as good as new, are urgently needed for bombed out victims in Britain, and the people of Canada are asked to "spare a blanket" to the Canadian Red Cross Society, which today has launched its second big appeal to provide these necessities for raid sufferers.

In the last campaign the Red Cross collected throughout Canada 138,137 blankets and 101,234 quilts. This supply has been distributed to bombing victims, military hospitals, and for the benefit of distressed merchant seamen.

Many expressions of gratitude have been received by the Canadian Red Cross from bombed sufferers in Britain, and many have called the contributions of blankets and quilts a "God-send."

In such centres as Birmingham, Coventry, Plymouth and London thousands of Canadian blankets and quilts were made available to the homeless within a few hours of the raids due to the efficient system of distribution planned by the Canadian Red Cross overseas organization in London.

According to advices from Britain the need for more blankets and quilts is most urgent. But blankets must be woolen and new or as good as new.

Those unable to provide blankets or quilts may aid the appeal by contributing \$2 for the purchase of a single blanket. Donations should be sent to provincial or local headquarters.

Contributors to the appeal are asked to get in touch with their provincial or local branch headquarters for directions as to where the blankets and quilts may be sent.

C. H. S. Notes

The first session of the High School Parliament was held at 3 o'clock. We were highly honored by the presence of the speaker of the provincial legislature, Rev. Peter Dawson, who kindly assisted us in our parliamentary procedure.

The Lieutenant-Governor, the Honorable D. Swanson, read the Speech from the Throne, which outlined the student activities for the whole term. The highlights of the speech were as follows: Hallowe'en Party, Cowboy Fiesta, Christmas Concert; Tobogganning and Skiing Party, Bonspiel, Valentine Party, St. Patrick's Celebration, main feature, Scavenger Hunt, April Fool's Surprise Party, School Picnic.

After the speech was read the meeting adjourned.

Imagine the surprise of the whole student body when, instead of the usual hand bell, they heard an electric buzzer at the end of the first period Monday. It was Mr. Lindstedt who installed this ingenious apparatus.

We decided to have our Hallowe'en party a week early, on Friday, Oct. 24, at 8 o'clock, in the basement of the public school. All ex-high school students are welcome and we guarantee a good time for all.

NOW TIME TO CLEAN FARM BUILDINGS FOR USE IN THE WINTER MONTHS

With winter approaching now is the time for the pre-winter cleanup of all farm buildings and animal sheds. These should be put into a good sanitary condition for the winter. It is a good practice to spray the inside of such buildings with a disinfectant lime wash which will destroy any mites, lice and other parasites that may be in the crevices and woodwork. White-wash to which has been added 5 per cent carbolic acid or 2 per cent creosol makes a good disinfectant wash and will destroy many parasites. Poultry houses particularly should be very thoroughly cleaned and sprayed. Especially are sanitary measures indicated when buildings have been used to harbor animals afflicted with mange mites or other resistant parasites, but in such cases a stronger wash should be used than the carbolic lime. Crude oil or one of the commercial emulsified coal tar disinfectants would be suitable in such cases.

Should there have been any trouble from rats, steps should be taken to control them. Poisoned baits are useful for this purpose, but great care must be taken when using poison to prevent food contamination or harm to domestic animals.

One of the most satisfactory poisons to use is finely ground red squill which is deadly to rats when properly applied, but is relatively harmless to humans and domestic animals. Information on the control of rats and mice can be obtained by writing to Publicity Extension Division, Dominion Department of Agriculture, Ottawa, for Special Pamphlet No. 33, War Time Production series.

Besides cleaning up the farm buildings, the farm animals themselves should not be neglected. This is the time of the year when horses should be treated for bots. Carbon disulphide is the accepted remedy, but the capsules should be administered by a qualified veterinarian. This treatment should, if possible, be administered before December 15. It is advisable at this time also to wipe the horses' legs and other places where the eggs are laid with 2 per cent coal tar creosote dip to destroy any unhatched eggs of the common bot fly. Co-operative action in bot control is essential if infestation with bots is to be reduced in any neighborhood. Information on bots and their habits is contained in Special Pamphlet No. 16, War Time Production series, also available from Publicity and Extension Division, Dominion Department of Agriculture, Ottawa.

PLAIN SPEAKING

TELL YOUNG MEN TO ENLIST,

HARVEY URGES EMPLOYERS

Says Women Should Be Replacing Them Now!

Calgary, October 17.

(Reprint From Calgary Herald)

A blunt, straightforward request to Calgary employers of labor to advise men of army age and fitness in their employ to join the army and then replace them with women or older men, was made by Brigadier F. M. W. Harvey, V.C., M.C., officer commanding Military District 13, at a special luncheon meeting attended by 150 representative businessmen at the Pailiser hotel at noon today.

With solidary directness, the district officer commanding appealed to businessmen to "take time by the forelock" and commence making changes in their business establishments now. He said that while he was not predicting that conscription was just around the corner, he felt that employers of labor would do well to consider staff changes now so that they would be in a better position to deal with the situation if the need arose.

SERIOUS PICTURE

Before calling upon his hearers to do everything in their power to assist in the recruiting of men for Canada's army, the brigadier painted a serious word picture of the condition that the British Empire finds itself in after two years of war. He reminded those present of the bitter four-year struggle which took place in 1914-18 before Britain and her allies succeeded in bringing the surrounded Germany of that time, to her knees.

He said that in those days, Germany was practically surrounded at the outset, but in the Second Great War the position has been drastically reversed and it is Britain and her allies now who are practically surrounded by a Germany-dominated Europe.

TOUGHER PROBLEM

"If it took us four years to beat Germany to her knees in the First Great War, how long is it going to take to defeat the Germany of the present war?" Brigadier Harvey asked.

Dealing with the general recruiting situation in Canada, the brigadier said that attestations were falling far short of the 10,000 men a month required. Last week in the whole of Canada recruits received for the Canadian Army (Active) totalled only 1,553.

ONE WEEK'S SUPPLY

He predicted grave difficulties if the three Canadian divisions now overseas were suddenly called into action. Under the present rate of recruiting and the reinforcements available, the number of men at hand would constitute only about a week's supply.

He based his estimate on the terrific losses suffered in some of the major engagements of the last war, and he stated emphatically that there was no time to lose if the required number of men were to be secured.

HIGHLY TRAINED

In 1914, it was only necessary to teach a recruit to march and handle a rifle, if he happened to be an infantryman, but under present conditions, a soldier is a highly technical person who must undergo months of special training.

For that reason alone, the Canadian army should be kept steadily supplied with recruits so that they can be trained and in a position to take their place when the decisive moment comes.

The speaker said that during the past few weeks he had made a quiet personal survey of the persons employed in down-town stores and he was amazed at the large number of young and apparently fit men employed behind the counters.

In support of his request that employers of labor should take immediate action in the matter of inducing their younger employees to get into the army, the brigadier said that they would have to face the situation quickly if some sort of selective service plan were suddenly adopted by the government.

"You'll have to do it anyway, so why not take time by the forelock and do it now," the brigadier said.

He felt that there were many women and older men available for work now being carried out by young men of army age and fitness.

Brigadier Harvey traced the apparent lack of interest on the part of a section of the younger men of the country to the army conditions which prevailed before the war.

"While the Germans were filling the youth of Germany with blood and iron, we were filling the youth of our country with pop and ice cream," the speaker said.

CARMANGAY SHEEP FIND U. S. MARKET

CARMANGAY, Oct. 20.—D. H. Russell of Carmangay, secretary of the Alberta Suffolk Breeders' Association, is at the present time en route to Big Lake, Texas, with a carload of purebred sheep that have been sold to G. H. Penbrook at that point.

Mr. Penbrook, who had previously toured Ontario and other provinces looking for the best type of sheep for breeding purposes, spent one week in Alberta travelling from point to point with Mr. Russell, following which he made his purchase. He stated that all the sheep he had inspected, he considered the Alberta Suffolk breeders had the best. This is an entirely new market for the association and Mr. Russell intends to try to promote further expansion while in Texas. He will be away three weeks or more.

NEW RINK BUILT

CARMANGAY, Oct. 21.—Carmangay's new curling rink is well on the way to completion. The erection of the building of this size, 160 by 30 feet, has proved a big job for the volunteer labor of the local curlers, especially when the lumber from an old livery barn had to be used for the main part of the construction.

Every day, however, from five to ten men have been on the job, and Thanksgiving Day was made into a roofing bee, 24 men being busy at one time roofing and shingling while 10 or more other helpers did the ground work. J. A. Hubka, secretary of the curling club, has superintended the work and has never lacked helpers.

The lady curlers try to do their part by arranging card parties to raise money for new rocks to replace those destroyed in the fire which demolished the former rink.

Wednesday evening they realized the sum of \$24 when 18 tables of cards were played in the Grange recreation room. Further efforts of this kind will be made during the forthcoming months.

A True Definition

"What does this expression 'Sez you' mean?" asked the judge.

The clerk of the court replied: "My lord, it appears that this is a slang expression of American origin which has gained regrettable currency in the language of our people through the insidious agency of the cinema, and is, I am led to understand, employed to indicate a state of doubt in the mind of the speaker as to the veracity, or credibility of a statement made to him."

"Oh, yeah!" said the judge.

A Phrase of Joseph Stalin's

It is reported that before the second Great War, Joseph Stalin ended a Moscow speech with a phrase which not only produced frantic applause, but actually became classic in Russia. It was this: "We don't covet a single inch of anybody's territory. But if they ever attempt to take one inch of ours, we will tell them 'Keep your snout out of our garden'."

1. HELP CARRY ON THE WAR

Every possible dollar will be needed to bring the war to a successful conclusion. THEREFORE, every dollar you lend enables you to play a vital part in the great fight for freedom.

2. CURB WASTEFUL SPENDING

To retard spiralling prices and rises in the cost of living, income must be diverted from unwise purchases and made available for war use. WAR SAVINGS mean money put aside to aid essential war production.

3. PROVIDE A NEST EGG

Following every major war, there is a period of economic re-adjustment. The man who has taken his share of war savings will find this money very useful during this transition period.

A farmer, gardener, livestock or poultry producer, or fisherman is not subject to licence, unless he buys such goods for resale.

After December 1, 1941, when any of the above goods are bought for resale, both the seller's and buyer's licence numbers must be marked on the sales slip, invoice, or other document recording the sale.

Licence Application Forms will be distributed through the mail. Persons who do not receive one should apply at their Post Office where copies of the Licensing Order may also be secured.

A Window Certificate and a Licence Identification Card will be issued to each licensee. The Certificate must be affixed to the main door or an adjoining window of the place of business. No licence fee required.

After December 1, 1941, no unlicensed person may buy for resale, handle, or sell any of the above goods

INQUIRIES FOR FURTHER INFORMATION SHOULD BE ADDRESSED TO THE REGIONAL DIRECTOR OF LICENSING AT VANCOUVER, EDMONTON, REGINA, WINNIPEG, TORONTO, HALIFAX, SAINT JOHN, OR CHARLOTTETOWN

FACTS ABOUT CANCER

About 95 per cent of cancers of the stomach occur between the ages of 40 to 70. Symptoms which demand an early visit to the doctor are:

1. An "Indigestion" which appears in an adult and persists for any length of time.
2. A "hunger like" distress in the upper abdomen one or two hours after eating.
3. A change in the character of "chronic indigestion" which has been suffered for years.
4. No definite indigestion but a gradual loss of weight and strength.
5. In some few cases, vomiting as a first symptom.
6. A few may complain of a very definite dislike for meat.

The persistence of any of these symptoms over a period of time demands investigation.

Cancer can be diagnosed by an X-ray examination and by viewing the interior of the stomach with a new instrument—the gastroscope.

Cancer of the stomach is curable but only by surgery, and this depends on the size of the growth. The size of the growth depends on the length of time it has been present. Don't delay consulting your doctor after the appearance of the above symptoms.

Don't take "indigestion" too lightly. Soda and other so-called digestion cures will not cure cancer of the stomach.

The master key to success in the treatment of cancer is EARLY DIAGNOSIS. Patients who have come to the Alberta Diagnostic Clinic have had their symptoms on an average of one year.

That's TOO LONG!

PACKING BUTTER FOR WINTER

"V"

The Dairy Branch of the Department of Agriculture, Edmonton, provides the following summary on how to pack butter for winter use:

Use only sweet, flavored cream for making winter butter. The cream to be churned should be held at a temperature between 52 and 60 F. over night and then churned. The churn should be clean and well scalded. For a wooden barrel, a large quantity of boiling water should be used to destroy moulds and yeasts. The churn should be cooled with cold water after being scalded.

Fill the churn about one-third full of cream, and pour the cream through a strainer. During all months, but May, June and July, 15 to 30 drops of butter color should be added per gallon of cream. At the beginning of the churning operations, the stopper should be removed every little while to allow the gas to escape. Churn until the butter granules are about the size of corn kernels, when the buttermilk should be drawn off and strained through a fine strainer to catch any particles of butter. Wash the butter granules with cold water, which should be drawn off and strained temperature than that of the buttermilk. This washing can best be done by adding the wash water to the butter and revolving the churn rapidly.

Salt is added at the rate of about half a tablespoon per pound of butter, depending upon taste, and the butter should be allowed to stand a few minutes before it is worked. Working the butter thoroughly is essential. It should be worked until all moisture is incorporated and the color is true and uniform, without any signs of undissolved salt.

Pack the butter solidly into a well scalded crock and cover with a layer of salt, which acts as a preservative. It should be stored in a cool, dry place.

Enterprise Ranges

The Enterprise Coronet is a quality steel Range of the latest balanced type. Modern style, great convenience, beauty and strength are combined to produce an unusually fine article.
